Welcome to Safeguarding Week 2017

9 - 15 October 2017

This year partners from across West Yorkshire are coming together for the first ever regional Safeguarding Week - to raise awareness of the issues and the role we all have protecting vulnerable children and adults.

This programme details the activity, events and training throughout the week in venues all over Calderdale for members of the public and staff that work in safeguarding children and adults at risk.

The week starts with a launch event at the MBI Shay Stadium, Halifax, Monday 9 October, with key note speeches from the Chairs of the Adults and Children Safeguarding Boards, West Yorkshire Police, Calderdale MBC, Calderdale Commissioning Group and includes entertainment from Magpie Movers and children from local schools. There is also a 'marketplace' style event where organisations will meet and talk about the services they offer and workshops on a range of subjects.

All event details are correct at time of printing.

Please check calderdale-scb.org.uk
for up-to-date information as some events may change.

We hope the week's range of activities and events will increase knowledge about safeguarding and make a positive impact on behaviours and attitude, promoting the welfare and safety of more children and young people and adults at risk.

For up to date details about the events and more information visit calderdale-scb.org.uk

Front Line Worker Briefing Protecting Older and Vulnerable People from Scams
Frauds and Doorstep Crime Scams are fast becoming the crime of the 21st Century, with many isolated and vulnerable older people being the main target of mass marketing scams, nuisance callers, cowboy builders and distraction burglaries. The SAFER Project works to educate and empower older and vulnerable people to spot scams and deal confidently with doorstep callers to protect themselves from becoming victims. This session will equip participants with the knowledge to help older and vulnerable people to identify scams and doorstep crime, understand the impact that such activity can have on the physical and mental wellbeing of victims and enable them to support those who may have already fallen victim.

This course will include presentations, hand-outs and group exercises. If you have any specific learning needs, please notify us prior to the training.

Proactive and Safe Approach to effectively supporting Sex Offenders in the Community

LOCATION - The Orange Box, Halifax

PRESENTED BY - YHLCOSA

TARGET AUDIENCE - Any organisation

CONTENT - 99,609 sexual offences were reported last year, the highest since national records began in 2002. There has been a 60% increase in reported child sexual abuse in the last 5 years. People convicted of sexual offences are living in, and returning to the community at all times. Understanding motivations for offending can assist professionals to work more effectively with them. This course enables participants to take a proactive and safe approach to effectively supporting sex offenders in the community. The session covers the following: attitudes and beliefs, motivations and desistance theories. What is sexual offending? How do we work with sex offenders: dilemmas, boundaries, health and safety. We will also cover the importance of risk management, the criminal justice system and working positively with sex offenders in the community in order to prevent further victims.
